So, you want to practice with
your new Garmin GTN on
the ground but don't want to
drain the aircraft's battery?

Dave Says:

Check this Out!

Garmin has a new GTN750 trainer app for the iPad 2. This trainer, downloadable from the iTunes Store is **not** for use in the air. It does allow on-the-ground environment basic operation training. Visit iTunes to download (\$24.99).
