Smarter Planes. Smarter Pilots

Need Help with your Holiday Wish List?

Avidyne has *two* ways to get you into a Multi-Function Display this holiday season! Which works best within your aircraft and budget? Call Dave at NexAir Avionics (508-339-7077), he will help you put together a panel that meets your flying needs, style and budget.

Give the
Kid-in-You
what he/she
REALLY
wants....

For a limited time,
save \$3,500 when
you trade in your old
CRT or MFD,
upgrade to an EX600
with QuickPan and
purchase ANY
Avidyne weather
sensor.

(Offer good through 12/31/2010)

Get more utility
than ever before
with the new
EX600
Multi-Function
Display, including
our all new
QuickPan feature.

(Offer good through 12/31/2010)

PSSsst....

Sure you're an adult -
but would it hurt to
print and add this flyer
to the shopping list?
(or send it directly to
the North Pole?)

NexAir Avionics is
located on the east side
of the grass runway
(22/04). Look for the
two big blue hangars.
